### 2. Expected processing times

You can expect the money to reflect in your bank account within 4 working days. This depends on whether the pricing time of your fund/s is morning or evening priced, and provided the cut-off times have been met and all supporting documents received.

### 3. Terms and conditions

#### 3.1 Transaction cut-off times

- Please make sure you send us your completed instruction (including supporting documents) before the trading closing time. Your transaction will be priced using the ruling price of the fund for the day the transaction is processed i.e. the day we receive all of the required information.

#### 3.2 Ownership, information security and instructions

- The legal owner of the investment is the person in whose name the investment is registered, regardless of who the payer is. If the legal owner is a minor, we will only accept instructions from his/her natural guardian (e.g. parent) or legal guardian (e.g. appointed by a Court Order).
- We will only release information to, and act on instructions from, the investor, the authorised signatory or the appointed financial intermediary.
- We can only process your instructions once we have received the correct and accurately completed form and required supporting documents. If an instruction is issued incorrectly, is unclear, incomplete, or if the supporting documents are not received by the cut-off time, the transaction may be delayed. Any loss will be for the investors' account.
- We permit ring-fencing for large disinvestments. Ring-fencing is the separation of assets and the delayed sale of units in a unit trust fund, in the event of a large sale of units within the fund, subject to certain conditions. This ensures that the sale of a large number of units will not force us to sell the underlying investments at a price in the market which could have a negative impact on other investors. We may delay paying the proceeds of the sale of units. If your disinvestment instruction is affected by this ring-fencing, the payment and the value of your withdrawal could be impacted. In the event of this, we will contact you to discuss the process, where applicable.

#### 3.3 Conflict of interest

All actual and potential Conflicts of Interest are managed, reported and disclosed in line with the Managers Conflicts of Interest and Outsourcing Policy which is available on request, or on the SanlamAllianz website [www.sanlamallianz.com.na](http://www.sanlamallianz.com.na)

### 3.4 Unclaimed assets and how they affect you

- We follow the Association for Savings and Investment South Africa's (ASISA's) Unclaimed Assets standard. An unclaimed asset is any unit trust investment on which there have been no transactions for ten years, or in the case of a deceased estate, more than three years have passed since we have received the notice of death. Our policy is to continue reinvesting all income distributions (interest) until the unit trust is sold, regardless of the time frame.
- According to ASISA's Unclaimed Assets standard, we follow a process of tracing investors or beneficiaries on any unclaimed assets. Any reasonable administrative and costs incurred to trace the investor may be recovered from the value of the portfolio, thereby reducing the value of your investment. Tracing will cease where the value of the unit trust investment is less than N\$1000 and the costs of tracing exceeds the benefit of tracing. More information on the ASISA Standard on Unclaimed Assets and the processes is available on [www.asisa.org.za](http://www.asisa.org.za) or from client service centre on 0860 100 266.
- Please note that to prevent your investment becoming an unclaimed asset; it is your responsibility to inform us of any change in your personal information.

### 3.5 Update your personal details

It is your responsibility to keep us informed of any changes in your banking details, personal information or current identification information (e.g. change of address, change of surname and contact details). If any of your details have changed, you will need to complete a Unit Trust Investor Details Update form available from [www.sanlamallianz.com.na](http://www.sanlamallianz.com.na)

### 3.6 Making changes to your investment

Unit trusts are a flexible investment option, which means that you can make changes to your investment as your personal circumstances change. This means you can change your fund selection, disinvest some or all of your units, and make additional investments. As changes to your investment could impact your original investment goals, please speak to your financial adviser or broker.

## Disclaimer

SanlamAllianz Namibia is part of the Sanlam Group. The Sanlam Group is a member of ASISA. Collective investment schemes, such as unit trusts, are generally medium to long-term investments. Please note that past performances are not necessarily an accurate determination of future performances and that the value of investments / units / unit trusts, may go down as well as up. A statement of fees and levies is available from the Management Company. Additional information of the proposed investment, including brochures, application forms and annual or quarterly reports, can be obtained from the Manager, free of charge. Maximum commissions are available from the manager / scheme. The Manager is registered and approved in Collective Investment Schemes in Securities. Collective investments are traded at closing prices and can engage in borrowing and scrip lending. Collective investments are calculated on a net asset value basis, which is the total market value of all assets in the portfolio including any income accruals and less any deductible expenses such as audit fees, brokerage and service fees (e.g. bank charges, trustee fees and RSC levies). Actual investment performance of the portfolio and the investor will differ depending on the initial fees applicable, the actual investment date and the date of reinvestment of income as well, as dividend withholding tax. Forward pricing is used. The Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. The performance of the portfolio depends on the underlying assets and variable market factors. Performance is based on NAV to NAV calculations with income reinvestments done on the ex-div date. Lump sum investment performances are quoted. The portfolio may invest in other unit trust portfolios which levy their own fees, and may result in a higher fee structure for our portfolio. All the portfolio options presented are approved collective investment schemes. International investments or investments in foreign securities could be accompanied by additional risks such as potential constraints on liquidity and repatriation of funds, macro-economic risk, political risk, foreign exchange risk, tax risk, settlement risk. The portfolio management of all the portfolios is outsourced to authorised financial services providers. Standard Bank of Namibia is the appointed Trustee of the SanlamAllianz Namibia Units.
